

Animal Behavior Society — Grants & Awards

grant · tier: international ·

<https://www.animalbehaviorsociety.org/web/awards.php>

Flags

- Eligibility: Many of these awards require ABS (or ASAB) membership in good standing — join before applying.

Email draft

Language: English (copy & send yourself)

Subject: Animal Behavior Society — Grants & Awards — checklist + draft text

CHECKLIST — verify before applying:

- Many of these awards require ABS (or ASAB) membership in good standing — join before applying if not already a member.
- [BLANK: pick the specific award track — Early Career Research Grant, Student Research Grant, Travel Award, or a named award — before writing a targeted application; eligibility and deadlines differ per track.]
- Confirm current deadlines and documentation directly on [animalbehaviorsociety.org/web/awards.php](https://www.animalbehaviorsociety.org/web/awards.php).

--- (a) No enquiry email yet ---

No specific track or contact identified — this item is an overview page. Once you pick a concrete award, run it back through the scouting flow for a targeted draft.

--- (b) Draft application framing text (generic, adapt to chosen track) ---

I am a research assistant in the Animal Minds lab at the Universitat Autònoma de Barcelona (UAB, PI: Alex Taylor). My master's thesis, on decision-making in a two-alternative task, combined hierarchical Bayesian models in R (brms, bayestestR, tidybayes, bayesplot, emmeans) with GLM-HMM latent-state analysis to characterise the animal's strategies, validated behaviourally; I also trained several DeepLabCut models and built a post-processing pipeline for coordinate tracking and optical-distortion correction.

[BLANK: state which specific ABS award you're applying to — e.g. Early Career Research Grant or Student Research Grant — and the project or travel it would fund.]
