Subject: Company of Biologists — DMM/JEB conference & partnership travel grants — checklist + draft text

CHECKLIST — verify before applying:

- Some conference-attendance travel grants under this scheme require SEB (Society for Experimental Biology) membership — check per-scheme before applying.
- [BLANK: name the specific conference you'd attend and its dates] — deadlines are quarterly (31 Mar / 30 Jun / 30 Sep / 31 Dec); pick the round before the conference.
- Confirm the current funding cap and eligible expenses on [biologists.com/grants](https://www.biologists.com/grants/).

--- (a) No enquiry email yet ---

This is a travel-grant scheme, not a lab contact — no enquiry email needed unless a specific conference organiser contact is required to confirm attendance.

--- (b) Draft application framing text ---

I am a research assistant in the Animal Minds lab at the Universitat Autònoma de Barcelona (UAB, PI: Alex Taylor). My master's thesis, on decision-making in a two-alternative task, combined hierarchical Bayesian models in R (brms, bayestestR, tidybayes, bayesplot, emmeans) with GLM-HMM latent-state analysis to characterise the animal's strategies, validated behaviourally; I also trained several DeepLabCut models and built a post-processing pipeline for coordinate tracking and optical-distortion correction.

[BLANK: name the conference, why attending it matters for your work (e.g. presenting your master's thesis findings or the animal-behaviour angle), and the funding requested.]
