Subject: Comparative Cognition Society — student awards — checklist + draft text

CHECKLIST — verify before applying:

- Must be a current CCS member to apply for any of these awards — join before applying if not already a member.
- [BLANK: choose the specific award — publication, best talk/poster, or the Stan Kuczaj Memorial Travel Grant — before writing a targeted application; deadlines differ (student awards ~Dec; Stan Kuczaj travel grant ~28 Feb).]
- A separate Early Career Award exists but requires being within 5 years post-PhD — not applicable yet.
- Confirm current deadlines and documentation on [comparativecognition.org/student_awards.php](https://www.comparativecognition.org/student_awards.php).

I am a research assistant in the Animal Minds lab at the Universitat Autònoma de Barcelona (UAB, PI: Alex Taylor). My master's thesis, on decision-making in a two-alternative task, combined hierarchical Bayesian models in R (brms, bayestestR, tidybayes, bayesplot, emmeans) with GLM-HMM latent-state analysis to characterise the animal's strategies, validated behaviourally; I also trained several DeepLabCut models and built a post-processing pipeline for coordinate tracking and optical-distortion correction.

[BLANK: state which specific CCS award you're applying to and why it fits — e.g. the Stan Kuczaj Memorial Travel Grant to attend a named conference.]
