

ASAB Scholarships & smaller grants

grant · tier: international ·

<https://www.asab.org/grant-overview>

Flags

- Eligibility: various

Email draft

Language: English (copy & send yourself)

Subject: ASAB Scholarships & smaller grants — checklist + draft text

CHECKLIST — verify before applying:

- This is an overview page covering several distinct schemes (conference support, education grants, caregiver grants, among others) — no single scheme has been chosen yet. [BLANK: pick the specific scheme that fits your situation from [asab.org/grant-overview](https://www.asab.org/grant-overview) before writing a targeted application.]
- Eligibility varies per scheme — check membership requirements, career-stage limits and deadlines for the one you choose.

--- (a) No enquiry email yet ---

No specific scheme or contact identified — this item is an overview page. Once you pick a concrete scheme, run it back through the scouting flow for a targeted draft.

--- (b) Draft application framing text (generic, adapt to chosen scheme) ---

I am a research assistant in the Animal Minds lab at the Universitat Autònoma de Barcelona (UAB, PI: Alex Taylor). My master's thesis, on decision-making in a two-alternative task, combined hierarchical Bayesian models in R (brms, bayestestR, tidybayes, bayesplot, emmeans) with GLM-HMM latent-state analysis to characterise the animal's strategies, validated behaviourally; I also trained several DeepLabCut models and built a post-processing pipeline for coordinate tracking and optical-distortion correction.

[BLANK: state which specific ASAB scheme you're applying to and why it fits — e.g. conference support for a named meeting, or an education/caregiver grant.]
